DIALITE® Color

The standard daylight 5,500 Kelvin for perfect shade taking.

Technical Advantages of the DIALITE® Luminaires

- Two parallel energy-saving compact fluorescent tubes, except for VISION L.
- Two colours of daylight for perfect colour matching.
- Tubes are individually switchable and the 2/80 Watt types are additionally dimmable.
- Electronic operation of the tubes for flickerfree comfort light.
- Open top side of the reflector for indirect illumination and heat exhaust.
- Solid aluminium profiles with resistant epox silver-anthracite coating.

DIALITE® Pro X electronic

The Perfect Suspended Luminaire in either symmetric or asymmetric design.
Powerful 110 Watt.

DIALITE Pro X 2/55 (a) electronic

- Versatile luminaire with 110 Watt for two illuminance levels of 2,500/5,000 Lux, 140/280 fc., switchable.
- Symmetrical or asymmetrical light exits, fitting the respective workplace.
- Flickerfree light, indirect and cool for comfortable ambience.

DIALITE® Vision L electronic

Unique slim MULTIFLEX Lamp – perfect for limited table top space. Bright 36 Watt.

DIALITE Vision L electronic

- Most versatile 1 x 36 Watt DIALITE at articulated spring arm.
- Illuminance 3,000 Lux/280 fc. at 500 mm/20".
- Possibility of directing the light by longitudinal rotation of the reflector.
- Choice of mountings to fit individual needs.
- Mobile due to removable reflector head and foldable arm.

DIALITE®

Lighting and Luminaires

The Perfect
Daylight
for your Work

Light up your Vision!

The first dimmable light at Rise & Fall Pendants.

Outstanding lighting power of 160 Watt –

flickerfree, indirect and cool.

DIALITE Vision T electronic

- The compact DIALITE at flexible double-spring balanced arm. 2 x 36 Watt energy-saving fluorescent tubes, individually switchable.
- Illuminance up to 3,000 Lux/280 fc.. There isn't more light possible coming from a 500 mm/20" reflector!
- Mains connection cord alternatively routed non-visibly under the table top through the screw-down mount.
- Various mountings even for tight places: See picture at VISION L.

DIALITE Pro electronic

- PRO 2/80 DIMi most powerful light by 2 x 80 Watt. Dimmable illuminance levels up to 6,000 Lux/560 footcandle (fc.) at 500 mm/20" distance.
- PRO 2/55 i great light by 2 x 55 Watt. Two illuminance levels of 2,500/5,000 Lux, 140/280 fc., switchable.
- Parallelogram-guided reflector, top side open for indirect and cool light.
- Mountings: screw-down base, flange, clamp bracket, heavy base.

DIALITE Pro X 2/80a DIM electronic

- The most powerful 160 Watt suspended luminaire - dimmable for the first time!
- Asymmetrical light exits for workbenches with drawers at left or right.
- Illuminance up to 6,000 Lux/560 fc. at 500 mm/20" distance from reflector to working plane.
- Rise & Fall pendants for individual height adjustment, extendable up to 1,000 mm.
